Watts Welcomes Announcement On A453

Broxtowe Lib-Dem leader David Watts, the portfolio holder for Economic Development on Broxtowe Borough Council, has welcomed the Chancellors announcement that the widening of the A453 is to go ahead.

Councillor Watts said:

“Widening the A453 is vital for the economic health of the whole area. Businesses have identified it as the biggest stumbling block to investing in Nottingham, and I’m delighted that the government have recognised that and allowed it to go ahead. A huge number of current and future jobs have been hanging on this announcement.”
