## **NEWS RELEASE**

**EMBARGOED UNTIL: Immediate**

**STARTS**

### **Councillor Calls For Action To Finish Development In Stapleford**

Stapleford Borough Councillor David Grindell has called on Broxtowe Borough Council to take urgent action to ensure that a housing development in Stapleford is finished. Cllr Grindell pointed out to the council that a development of ten flats on Nottingham Road remained unfinished as the water supply had never been connected, and has asked for urgent action to address this.

Cllr Grindell said:

“We have a massive demand for housing in the borough and yet we have these properties standing empty because the water supply hasn’t been connected. This can’t be allowed to continue and urgent action must be taken to put it right. At the moment the fencing to protect the development is also blocking the main access to the allotments, and this is causing huge inconvenience to the allotment users. I’m asking the council to get this sorted as a matter of urgency.

**ENDS**

### **Notes For Editors**

1. The borough council commissioned the development of ten new flats on Nottingham Road in Stapleford last year. The development is now finished but stands empty as the water supply has not yet been connected.
2. The delay to finishing these flats has meant that they have been unable to be occupied and the building work continues to obstruct access to the allotment site on Nottingham Road.
3. Cllr Grindell has asked for an assurance that the work will now be carried out as a priority.
